Eliot Brody Maze

A big thanks to Mom and Dad, who constantly support me with my music, and everything else. Thanks also to my brother, Samson, who I can always count on to jam with, and to my great guitar teacher, Lara Michell, who has brought me all the way here. I am grateful to have had the chance to work with two amazing producers, Gideon Freudmann and Chet Lyster. Cheers to my awesome uncle, Jeff Yerkes, who did a great job on the CD artwork.

DJ Hudson presents Robot Rampage

Warning: the songs on this collection may cause your own robots to act erratically - and care should be taken to keep all prescription medication and lawn care equipment out of their reach. Children listening to this music may become overstimulated and thus tempted to confront these robots - this should be avoided entirely with generous offerings of video watching and extra whipped cream...even on entrees.
